CHANGE PLANS FOR LOCAL IMPROVEMENT

Council Adandons Impractical Proceedings in Two Street Improvement Districts.

GOOD STREETS IN DINGEE PARK

Work to be Commenced on Reservoir For New Supply for City Water System.

As was predicted by this paper last week, the Council decided last Monday night decided to entirely abandon the present proceedings for the improvement of the streets in local improvement district numbe nine. While this will result in some little delay, is is expected that is will ultimately secure a much more satisfactory piece of work, and materially lessen the cost to the owners of the property. The delay caused will be the only loss suffered by the people of the district, as the cost of the abandoned proceeding will be paid from the general fund of the city.

After the calling of the roll, which showed all of the Trustees present, the Council proceeded to the hearing of the monthly reports of the city's officers.

The Clerk reported collections amounting to $3332.50.

The Marshal collected $3876.40 of which $3125 was for liquor licenses

The Treasurer reported cash on hand in the different funds as follows:

General fund	$8,069.97
Library fund	$702.47
Extension of Water System	$21,,765
Beech street	$44.48
Stambaugh street	22.15

On behalf of the management of the Dingee Park property, attorney George C. Ross addressed the Board stating that it was desired to commence the improvement of the streets in the property as soon as possible, the work to be done under the provisions of the Act of 1901. With this design careful surveys had been made for the purpose of fixing the grades of the streets, which it was now desired should be adopted as the official grades. In accordance with the survey, a resolution was adopted fixing the official grades. Following this, at the request of Mr. Ross, a resolution was adopted declaring the intention of the Council to improve the streets in Dingee Park by grading and macadamizing and the construction af concrete curbs and sidewalks. In the consideration of this resolution, Mr. Howell stated that where Mr. Dingee had sold lots with the agreement that the cost of street improvement was to be included in the price, the present management were ready to bear the cost of the work. Mr. Howell also stated that within the next five days the contract for the construction of the promised reservoir would be let, and that as soon as the structure was completed deeds would de made to the city of the ground covered by the site and the necessary right-of-way.

Secretary Kincaid of the Board of Trade appeared before the Council and requested that some action be taken to require the publishers of the Sunset Magazine to push the printing of the descriptive booklets of this city and county, in accordance with their agreement at the time when they were given the advertisiog contract by the city. Mr. Kincaid stated that the Board of Trade was daily in receipt of numerous inquries from Eastern people for this descriptive information, and that the failure to furnish the booklets as had been promised was not only working a serious inconvenience to them but a loss of opportunity in the work of propaganda. Chairman Merrill stated that a representative of the magazine had been in the county a short time ago securing data for the articles and that he would personally make an endeavor to have the work rushed. As a further incentive along this line, the Council decided to refuse to pay the claims for advertising until the books were furnished.

The bids opened at the last meeting were taken up for action. Rice and Hynding recommended the purchase of the Studebaker sprinkling wagon at a cost of $550, it being in their opinion the best wagon on the market. Their advice was followed.

On motion of Trustee Rice all bids for the improvement of streets in district No. 9 were rejected and the following resolution adopted:

Whereas, The Board of Trustees of the Town of Redwood City did on the 3d day of September, 1907, pass and adopt a resolution determining that the public interest and necessity required that certain street work be done in said Town, and did by the same resolution refer said work to James V. Neuman, a civil engineer, employed by said Town, to make a report thereon as required by the "Local Improvement Act of 1901;"

And, whereas, Said Board of Trustees did on said 28th day of October, 1907, adopt said report of said James V. Neuman and did pass and adopt a resolution establishing street assessment district No. 9, and levying an assessment against the property in said assessment district for the purpose of paying for the street work set forth in the resolution of intention passed by the said Board on the said 3d day of September, 1907;

And, Whereas, A part of said assessment so levied as aforesaid has been collected and bids were called for and received for the doing of said work;

And, Whereas, Said bids exceeded the estimate made by said James V. Neuman for said work by many thousand dollars;

And, Whereas, It is deemed advisable by the Board of Trustees of said Town to stop and drop all proceedings relating to the said work because of the imperfections in the specifications for said work.

Now, Therefore, be it Resolved, By the Board of Trustees of the Town of Redwood City that all the proceedings, resolutions and orders relating to the street work in assessment district No. 9, and all other proceedings relating to said district No. 9 be, and the same are hereby recinded, nullified, dropped, set aside and made of no force and effect;

And be it further resolved that the bids received for doing the streeet work in said district No. 9 be, and the same are hereby rejected, and the certified checks returned to the respective bidders;

And be it further resolved that the money collected on the aforesaid assessment be returned to the parties who are entitled to receive the same, and the Town Clerk is hereby ordered to draw warrants against street improvement fund No. 9 in favor of said parties for the amounts due them.

It was also decided to begin anew the proceedings for the improvement of district No. 11 and a similar resolution was adopted as to that work.

The contract for the 8-inch, 10-inch and 12-inch water mains was awarded to the United States Pipe Company at $32.85 per ton, and the fittings at $60 per ton.

The contract for the valves and hydrants was awarded to Crane & Co at the following prices: 8-inch hydrants, $22.25; 8-inch valves, $18-.10; 10-inch valves, $24.40.

The clerk was directed to publish a notice inviting bids for 1500 feet of 6-inch and 1000 feet of 4-inch class B water pipe to make the extension ordered by the board on Roosevelt avenue and Davis street and other extensions about town.

Mr. Rice, to whom was referred the application of the Board of Fire Delegates for an appropriation of $100 to assist in a proper observance of the twentieth anniversary of the department reported in favor of the appropriation. Rice aslo reported that the General Fire Alarm Telegraph Co., whose offer to install a system in this city was read at a previous meeting, had extended an invitation to the board to visit its office and see the system in operation.

Mr. Merrill said that he had a letter from the Board of Underwriters of San Francisco commending the board's efforts toward increasing its fire fighting facilities and offerng at any time to advise and assist the council in its work in this line.

The clerk was directed to issue a call for bids for a carload of four and six-inch sewer pipe and fittings.

Ordinance 77 was adopted, temporarily raising the salary of the city attorney.

Several changes were made in the names of streets, among which Vera street was changed to Dickey, Harriman to Lexington and Chilton to Alden.

About Those Apples

Some say Eve 8 and Adam 2, a total of 10. Others say Adam 8 and Eve 8 also; total 16. But if Eve 8 and Adam 8 2, the total will be 90. Now if Eve 8 1 and Adam 8 1 2, the total would be 893. Then if eve 8 1 1st and Adam 8 1 2, the total would be 1623. Or again Eve 8 1 4 Adam 8 1 2, 4 2 obige Eve, total 82,056. Once more, Eve, when she 8 1, 8 1 2 many, and probably felt sorry for it, and Adam, in order to share her grief, 8 1 2—therefore Adam, if he 8 1, 81 2 40-fy Eves depressed spirit; hence both ate 81,896,864.

D. E. O'KEEFE, Editor and Proprietor

Half Century of Business Life.

The Times-Gazette has rounded out a full half century of its existence—a record achieved by few news publications in this section—and this week is issued the first number of its fifty-first year of publication. For 50 years this journal has been a regular weekly visitor among its readers—a source of information as to the news and business of the section in which it has so long been published, and an earnest advocate of the interests of Redwood City and San Mateo County.

During these long years, there have of necessity been many changes and some vicisitudes. Many men prominent in journalism and public affairs have been connected with its publication. The history of this past would furnish an interesting chapter of reminiscenses, with which we shall probably deal in another issue. For the present we will consider the future.

As in the past, the effort shall constantly be to make this journal a newspaper in the truest sense of the word—one worthy of being received and welcomed into the home. Earnestly endeavoring to chronicle every item of news or interest worthy of publication, care will be taken to exclude such matter as panders to the baser traits of humanity. We shall continue to labor zealously for the upbuilding and advancement of the interests of the community, advocating whatever it is believed will be for the material benefit of the city and county.

While we shall continue our fealty to the Republican Party, believing this organization can and will accomplish the best good of the country, factional strifes and local differences will be discouraged. This it is believed is the only true course through which the ends desired can be accomplished. In this, as in every other matter of business and social life, every man should be given credit for the good he may do. While we claim the right to criticise the act or error of the individual, we shall be equally ready to give the same publicity to his vindication.

The accomplishment of these tasks, it is fully realized, is no easy task. A public journal must ever expect to be the target of individual criticism, but convinced of the wisdom of its course, the effects of this fault finding must be but transitory. In the courses outlined we believe that in the future, as in the past, this journal will receive the support of the thinking and well informed elements of the community.

Why Not Build of Brick?

What has become of Trustee Hynding's suggestion for the establishment of a fire-limit district? This important matter should not be overlooked by the Council. Property in the business section of the city is now of sufficient rental value to justify the erection of substantial brick buildings, and a requirement of this character would work hardship on no one. At the same time much general civic good would result. If the city is to take the place as a business center its position demands, the confidence of the owners of its property should be shown in the appearance of the business buildings.

George H. Rice, Prominent Business Man of Redwood City Passes Away.

AN HONORED CAREER IS CLOSED

History of Life Devoted to the Social, Moral and Commercial Interests of This County.

The long suffering of George H. Rice has ended. He died yesterday at 10:30 o'clock. The end was painless. He passed away surrounded by the members of his family. Mr. Rice suffered a stroke of paralysis a year and a half ago and never recovered. For the past four months he has been confined to his bed. The funeral will take place from his late residence tomorrow afternoon at 2:30 o'clock. Interment will be in Union Cemetery, Redwood City.

Undoubtedly no name in San Mateo County is more entitled to a permanent place in the annals of California than that of George H. Rice, who for nearly half a century has devoted the best part of his life in promoting the commercial, financal and educational institutions whch have given to California a conspicuous place among the sisterhood of states. Mr. Rice was born in Fairfield, Herkimer county, N. Y., March 27, 1836, the son of Thomas A. and Viena (Carr) Rice. He was reared on his father's farm, receiving such education as the schools of that time afforded. At nineteen years of age he went to New York City and secured a position as clerk in a general store, giving such satisfaction to his employer that after three years of faithful service he was made manager of the firm. Becoming interested in the great western country, he decided to forsake a promising career in the great eastern metropolis and to cast his lot with that brave band of pioneers heading towards the western sea. Accordingly he resigned his position and took passage for California via the Panama route, arriving in San Francisco May 2, 1857, and at once engaged in farming in Alameda county, where he remained for three years. He then came to Redwood City to engage in the manufacture of shingles from the great redwood forests, selecting a tract of land west of what is now Rerwood City, and on the west side of the mountain range. Here he commenced the manufacture of shingles in the old primitive way—with a draw shave. But a still greater task confronted the producers of those days—finding a means of conveying their product to the markets, which was accomplished by useof donkeys over the rough mountain trails, and ox teams which delivered them to the vessels plying up and down the bay. In 1867, in partnership with A. Halliburton, he urchased the Hanson Company's mill and began the manufacture of shingles by machinery, which proved a profitable venture; and together they operated the mill until 1873.

Having met with an accident which necessitated the amputation of his left arm. Mr. Rice retired from the lumber business, and in 1874 began his business career in Redwood City. In that year he was elected county clerk and recorder, succeeding H. B. Thompson, who was filling the unexpired term of John E. Tate. After four years in this position he retired from public life and entered upon his duties as a professional searcher of public records for San Mateo and San Francisco counties, which he has followed up to the present time. In his business relations Mr. Rice was known throughout the greater part of central California, and the promptness and accuracy with which he executed all matters entrusted to his care won for him the friendship and esteem of all with whom he has come in contact. While conducting his business affairs Mr. Rice found time to aid in many enterprises that have profited by his council and judgment. He was one of the organizers of the Bank of San Mateo Co., and one of the organizers and long a president of the San Mateo County Savings bank. He also became interested in real estate, owning at one time a considerable amount of farming land in different parts of California. His beautiful residence at the corner of C and Third streets, besides many other enterprises in which he has been an important factor. In politics he was a firm believer in the principles of the Republican Party, and while not seeking political honors, he has given his support to all movements for the betterment of the general public, fostering good municipal government, and first of all, good education. Mr. Rice served for thirteen years as a member of the board of trustees of Redwood City and nine years as a school trustee.

In 1872 Mr Rice was united in marriage with Miss Mary Louisa Teague, a daughter of Andrew and Permelia (Morgan) Teague, both of whom crossed the plains in 1853. Unto Mr. and Mrs. Rice were born five children: Roscoe, deceased; Mary L., at home with her parents; Herman, deceased; Morris, deceased; and Stanley. Mr. Rice was very successful in his business career, judicious investments and conservative methods having resulted in the accumulation of considerable property, yet while ascending the ladder of fortune he had ever been mindful of the rights and privileges of others, endeavoring at all times to remember the teachings of the Golden Rule.

Promises Great Results.

On May Day Baldwin and Howell will bring an excursion to this city for the sale of 200 lots in Dingee Park. A barbecue will be given in the park. Mr. Tuchsen, the local representative of the firm, says that the property offered for sale will be disposed of to the highest bidder without reserve. He explains that there are so many inquiries coming into his office about Dingee Park that he has employed four assistants to handle the work. The sale is advertised in a manner that will produce good results, in fact the sale of tickets has been so great that it becames necessary for the firm to add another special train to the one already engaged. A crowd of from 3000 to 4000 are expected on the grounds next Saturday when the great sale takes place. The barbecue will be in charge of W. Z Price, who has a state wide reputation for barbecuing meats. Music is to be furnished by the local band of fifteen pieces. It will certainly be a gala day for Dingee Park and Redwood City. While it is a foregone conclusion that the lots will bring a big price yet there is no doubt that there will be some good bargains for those who watch the auctioneer closely. A staff of attendants will be in the local office to answer all inquiries of those intending to purchase in this favored locality.

Firemen Show Appreciation.

The commendable action of the Board of Trustees in granting the $100 donation asked for by the committee of the Redwood City Fire Department has spurred the Chief and Foremen of the different companies to renewed life and activity. Every company foreman is endeavoring to place his company at the top of the list in efficiency and also numerically, as one instance the old foreman of hook and ladder No. 1 has added 25 new members in the past week, and he announces that practice drills will be had once each week, so that every member will become fully posted in the duties he is expected to perform.

Everything is working smoothly in regard to the celebration of the 20th anniversary of the organization of the Redwood City Fire Department which takes place on Saturday, May. 22. Invitations will soon be issued and a good program and splendid time will be arranged for.

Should two alarms of fire be sent in from different sections of the city at one time it is the aim of the Chief to have the men so trained that there will be no confusion or misunderstanding in regard to what is to be done..

The Department desires to publically thank the Board of Trustees for their appreciation of the value of the services of the Fire Boys and especially to Trustee Clark Rice, chairman of the committee.

MENLO PARK WOMEN WORK FOR PARISH

Plans for Big Entertainment In Aid of Funds of Church Of the Nativity.

A meeting of the Ladies of the Church of the Nativity was held in the Parochial Hall on Wednesday afternoon, April 21st. The object of the meeting was to devise ways and means to raise the annual fund required by the Parish to meet the current expenses of the Parochial School. Heretofore this indebtedness has been met by soliciting individual subscriptions, but as this has been recently found to be insufficient for the purpose, and as the work of the school is beneficial to the Parrish at large, and contributive to the good citizenship of the entire community, its doors being open to all children irrespctive of class or creed, it was decided that the best and most effective way to raise these funds was by an entertainment to be given in the Parochial Hall for that purpose It was agreed that the form of the entertainment should take, would be tha of a "Rose Fete", which would be an idea entirely new and something distinct from the ordinary type of Parochial entertainments.

As it will be necessary to have a Queen for the Fete, the most popular and impartial method of selecting this Queen would be by ballot. Any young lady of Menlo Park or Palo Alto is eligible to enter the contest, and an opportunity will be given to the friends of any young lady to support her

The balloting for Queen will begin on Sunday, April 25th, and conclude on Saturday evening, May 15, at 10 p. m.., to give the chosen Queen time to prepare for her part in the Festival.

The ballot boxes will be located at the following places. Menlo Park at the Menlo Pharmacy; Palo Alto, at the Toggery.

Voting coupons can be purchased at these places and the name of the candidate written thereon by the voter so that the balloting will be entirely secret. The charge for each voting coupon will be five cents.

A committee appointed from the Gentlemen's Sodality will see that the ballot boxes are properly sealed and locked, will retain the keys of the same, will count the votes at the end of each week, and will issue a bulletin announcing the standing of the various candidates so that everything will assuredly be carried out in fairness and equity.

The Fete will take place on Friday, May 28th, 1909, at the Parochial hall. There will be a matinee on Friday afternoon at 2:30 p. m. for those that cannot attend in the evening and the performance with some additional features will again be repeated on Frdiay evening at 8 o'clock.

The following committees have been appointed, to take charge of the entertainment. the names of the committees being subject to revision later on.

Program committee: Reverend Father Harrington, Mrs. James T. O'Keefe and Mrs. Halloran.

Refreshment committee: Mrs. A. W. Gale Mrs. C. A. Brady, Mrs. J. P Ahlert.

Printing and advertising committee: Mrs. J. J. Downey Mrs. M. F Duff and Mrs. M. E. Selzer.

Decorating committee: Mrs. M. F. Duff, Mrs. J. P. Ahlert and Mrs. R. P. Kavanaugh.

Doan's Kidney Pills were at length brought to my attention and deciding to give them a trial I procured a box. Assessor's Instructions

To Owners of Real Estate and Personal Property.

The law requires each and every person who owns any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where the property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

If you hold mortgages against others send in a mortgage statement showing amount due on each mortgage on the first Monday in March at 12 o'clock m.

No change can be made by the Assessor after he turns his books over to the Board of Supervisors on the first Monday in July. The Boards then sets as a Board of Equalization during the month of July.

Remember, if you fail to give in your assessment you fail to comply with the law and may cause yourself, the Assessor and Tax Collector much trouble, and very likely cause yourself expense.

It is much more satisfactory to the Assessor, as well as to yourself, to have your assessment correct when you go to pay your taxes.

C. D. HAYWARD,
Assessor, San Mateo County.
